| 8. Sh. P.C. Kushwaha, O/S |
| 9. Sh. S.S. Hasija, ACS JP |

Following points were discussed:-

1. Acute shortage of Executives of (JTOs/SDE's) :-

Association representatives pointed out that there is acute shortage of JTOs & SDEs in Transmission Area. GM Trans replied that work distribution among officers will be reviewed however the names of executives who are interested to work in transmission and have exposure of transmission field can be given, their cases for posting in Transmission will be taken up with 'HQ'.

2. Posting of MTNL recruits JTOs to Transmission Stations :-

It was pointed out that new JTO's should be posted in Transmission stations / Cable maintainance network as most of the employed executives are in the age group of 45 to 55 years. GM (Transmission) assured that he will take up the matter with GM (A) 'HQ' for posting of young & energetic JTOs in Transmission.

3. Shortage of Vehicles :-

As suggested by association, GM T agreed for pooling system of vehicles in divisions. This may be first be applied in one division: SN:, keeping all vehicles under DE control & deployment according to the demands from SDEs. If the arrangement is successful, it can be applied in all divisions. For odd hour's movement of officers to attend breakdowns, separate fund division wise can be created if

required. List of odd hours movement in a month shall be collected by SA GMT for May 2013.

4. Non availability of Store Items :-

The tender for joint closure is under process in MM Section and will be finalized soon, some joint boxes are being transferred from Mumbai and for urgent need it can be procured by field units till material is available in TX Store. The tender for purchasing of cable is done in corporate office and letter for procurement of OF cable has already been sent to Corp Office. It was confirmed from store that 48 F OF cable is available in store which can be utilized in fields.

5. Replacement of Old Cable network with new cables:-

GM (Transmission) stressed that process for scrapping of old and faulty cable network / dead OF Cable, which can not be repaired, must be carried out without any further delay.

6. Contractor Quota problem for cable fault rectification :-

CAO (T) pointed that sufficient funds are available against each contractor and cable fault rectification can be carried out expeditiously.

7. Non availability of spares with Tejas Engineers :-

It was informed that Tejas has given assurance that live traffic will not be hampered for want of spares and all efforts will be made for availability of spares in time.

8. Air Conditioned problem :-

GM (Transmission) has already taken up the matter with SE (Electrical) who assured that services will not be effected for want of ACs but all A.Cs could not be made operational due to financial constrains.

9. Shortage of testing equipments :-

It was informed that purchasing of new testing equipment is done in corporate office, but the list of faulty instruments be submitted to DE (TX-MM) by all transmission divisions so that tender for repairing of faulty instruments may be processed. However urgent & minor repair can be looked into.
