Ref. No. TEAM/CHQ/2019

Dated at ND the 20 .7.2019.

To,

The Chairman cum Managing Director,
Mahanagar Telephone Nigam Limited,
Door Sanchar Sadan, CGO Complex,
Lodhi Road New Delhi -110003.

Sub: Introduction of 5 Days a week in MTNL Delhi.

We would like to draw your kind attention towards financial crisis faced by MTNL where the salary of the employees is not being paid on time since Nov. 2018. Due to this even basic amenities are not available with the staff which are must to carry out their duties. In ED office itself, just one lift is operative that too not covering whole of the floors. Drinking water is not available for staff in extreme hot situation we are facing in Delhi now a days. Majority of the staff is not having even cooler in office. Staff even officers are working with ceiling fan facility in office. Coolers are lying useles owing to non availability of water.

Sir, as per financial report of MTNL for the last three years, average expenditure on account of Electricity and Water is Rs. 103 cores per annum that too without proper arrangement of electricity and water to staff. This is a very huge amount in the present scenario where MTNL is in doldrums.

We would like to suggest that 5 days a week pattern may be introduced in MTNL for all administrative offices and this will save about Rs. 10 crores per year in Delhi only. This was done by Late Shri Rajeev Gandhi, Ex PM only to save power and water which is precious. Introduction of 5 days a week for administrative offices of MTNL will not affect public too majority of offices are already having 5 days a week pattern and even banks are closed on 2nd and 4th Saturday per month. This will on the one hand reduce expenditure on the other hand will boost the staff efficiency.

Lastly, it is learnt that some Solar Power Company has offered MTNL to provide solar power at less than half price of NDMC with the condition that MTNL shall provide

its roof top space and enter into agreement for 25 years. If this is true such proposition must be considered because MTNL will get solar power at less than half of the present rate with zero investment.

With regards,

Yours sincerely,

(K.R. YADAV)
