**Subject :- Suspected move of MTNL/DOT to decrease the age of retirement from 60 years to 58 years for MTNL employees.**

Sir,

At the very outset we convey our utmost happiness and satisfaction at your selection as the full-fledged and regular C M D of MTNL. After long time MTNL is blessed with a regular CMD who will be a fulltime in-charge of MTNL. There can not be a better candidate to shoulder this responsibility at this crucial juncture of MTNL. We congratulate you and wish and pray for your great success in your endeavor in this respect which is so much important for the security of MTNL as a service provider and its employees.

While saying so, we must share that we are very much disturbed and scare about the rumoured move of MTNL/DOT to decrease the age of retirement of MTNL employees from 60 years to 58 years. We have not received such information officially from any insider. But certain circumstantial happenings and frequent speculations in the media seems to add credence to such rumour.

We sincerely believe, MTNL/DOT should nip in the bud such rumour stating unequivocally that no such move is underway even in contemplation. This will help employees to a great extent to be relived of sense of job insecurity and devote whole heartedly in their work.

One thing is certain to be understood by all those whomsoever is concerned that MTNL employees are basically the Central Govt. employees and they can not be and should not be victimized by removing from the services under any pretext simply because it is stamped as so called "PSU". MTNL employees are not the party to the decline of MTNL. They are putting all efforts to save and secure MTNL service day and night. It is the policy of the successive Governments and a section of top managements who are on DOT's roll, have systematically ruined MTNL as an organization. Our submissions, suggestions and warnings from time to time in this respect remain unheard.

It will be sheer injustice that those who are responsible for decline of MTNL will set scot free and employees who are devoted to MTNL, will subject to victimization. Such move can not go unprotected and without resistance.

Thanking you, congratulating you once again .

Yours sincerely,
