Jeevan Bharti Building
New Delhi.

**Subject: Delay in settlement of pension and implementation of new pay packages-
Request for meeting**

Respected Sir,

Kindly recall our discussion on 20th May 09, when we deferred our protest action programmes with the understanding that pension issue will be settled with in two months, and then new pay packages will be implemented with 30% fitment. Again we had a discussion with your good self on 19th August 09. That day your good self informed us about the developments on pension issue and asked us to wait till 15th Sep 09. Now it is already 22nd Sep 09, but nothing has come out positive in respect of pension and pay fixation.

This undue delay has created a lot of frustration, demoralization and anguish amongst the executives of MTNL. **Therefore, we request your good self to spare some time to discuss the issue in totality with the joint forum of executives.**

With regards

Yours sincerely

Hon'ble Minister of Communication & IT
Govt. of India
New Delhi:

Subject: Request for Meeting

Respected Sir,

You good self is well aware that MTNL is paying pension to its retired employees from its own resources for last 10 years, while MTNL was asked by DOT to discharge this liability for the time being till the pension issue of MTNL at par with BSNL is settled. But even after 10 years, pension issue is still unsettled and MTNL is becoming over ~~burdened~~. This extra burden has now affected the financial health of MTNL.

Now at this stage when MTNL is leading towards red and its employees are concerned about their fate in MTNL, we solicit your personal intervention in this matter and request your good self to spare some time to meet the representatives of Joint Forum of Executives. We will be highly obliged for an early appointment.

With warm regards

Yours sincerely
