Subject : Stoppage of payment of salary for the month of Jan-2019 of the MTNL employees on the scheduled pay day — Protest Against.

Sir,

It is unfortunate and very disappointing that MTNL corporate office has not disbursed the salary of employees for the month of January 2019 even after passing of 6 days of February 2019. For knowing the facts with regard to the subject a meeting of representatives was asked which was postponed to the evening of 07.02.2019 by your good self. Thereafter the same delegation of representatives met with Director (HR) and Director (F) who informed that there is total uncertainty and at present nothing visible about the staff salary.

We are unable to maintain our families and therefore the only option available to us is to resort to protest action as per the programme given below:-

1. Lunch Hour demonstration at CMD Office on 07-02-2019.
2. If the salary is not disbursed within 48 hours we will intensify the agitation further.

Further protest action programme will be communicated shortly.
